Hotel clerk: We have a bar, a gym, a swimming pool, tennis courts and a buffet restaurant.
Guest: Great. Thanks for the information.
(A) vacancies (B) appointments (C) facilities (D) chains

In the past few years, most major airlines have announced their plans to use commercial electric airplanes. Travelers can soon travel to different places via an electric aircraft. Take United Airlines for example. They will offer fossil fuel-free domestic flights by 2026. In addition, Sweden and Denmark also declared their plans to use fossil fuel-free electric-powered airplanes by 2030. Electric air travel (i.e. traveling with an electric-powered aircraft) is going mainstream. There are various methods to supply electricity; however, the most common way is to use batteries.

The climate crisis has been worsening these past few years. One of the major contributors to this environmental problem is air transportation. The aviation sector has released huge amounts of carbon dioxide (CO₂) into the atmosphere every year. Unfortunately, airplanes are predicted to triple their CO₂ emissions by 2050 if left unchecked now.

Most major airlines have thus signed up to meet the targeted net-zero carbon emissions by 2050. Governments from many different countries are establishing policies to help protect the environment. Austria and France have enacted bans on short-haul domestic flights. In the United States of America, the government is also pushing to reduce CO₂ emissions through clean-energy transportation.

As presented, the use of small electric airplanes is the first step towards greener air travel. The development of larger electric planes may take several years. Still, you can expect to hear that electric air travel will be going mainstream in the coming years.

- 71 What is the main idea of the passage?
- (A) As science develops, views of travel do not change.
 - (B) Traveling with an electric-powered aircraft is going mainstream.
 - (C) It does not suggest a different solution to a problem.
 - (D) The climate crisis has been worsening these past few years.
- 72 According to the passage, what is the most common way to supply electricity?
- (A) To use batteries.
 - (B) To use ocean thermal energy.
 - (C) To use solar energy.
 - (D) To use wind energy.
- 73 Which of the following is **true** about commercial electric airplanes?
- (A) United Airlines have announced that they will offer fossil fuel-free domestic flights by 2030.
 - (B) Sweden and Denmark also declared their plans to use fossil fuel-free airplanes by 2026.
 - (C) Air transportation is one of the major contributors to the worsening environmental problem.
 - (D) The aviation sector has released huge amounts of oxygen into the atmosphere every year.
- 74 Which of the following is **true** about helping protect the environment?
- (A) Austria and France have announced their plans to use electric air travel by 2030.
 - (B) Sweden and Denmark have enacted bans on short-haul domestic flights.
 - (C) Airplanes are predicted to double their CO₂ emissions by 2050 if left unchecked now.
 - (D) In the United States of America, the government is also pushing to reduce CO₂ emissions through clean-energy transportation.
- 75 What is the advantage of electric air travel?
- (A) It is cheaper.
 - (B) Electric air travel is the first step towards greener air travel.
 - (C) Electric air travel does not help reduce CO₂ emissions.
 - (D) It is faster.

I was filled with excitement and awe as our vehicle jolted down the muddy paths of the wildlife reserve. Incredible creatures roamed the savannah, and the sceneries itself were some of the most stunning I've ever seen.

Safari traveling is a thrilling and one-of-a-kind opportunity to take in the splendor and variety of the natural world. In order to see and photograph wild creatures in their natural environment, safari vacationers often visit an African wildlife reserve or national park.

In my experience, seeing iconic and endangered animals like lions, elephants, and gorillas in their natural habitats is expected to be a staple of a safari vacation. My favorite part of the trip was getting to see a group of wild canine animals in their natural habitat. I'd never had such a good look at these endangered creatures before.

Aside from getting an up-close glimpse at the animals, tourists can receive insight into their habits and routines from knowledgeable guides on several safari programs that include guided drives within the park. Safaris sometimes involve more than just visits to zoos and sanctuaries to see animals; they often provide opportunities for hiking, birdwatching, and cultural immersion.

Memories created on the safari journey will last a lifetime since it was truly once in a lifetime opportunity. I think a trip to Africa for a safari would be amazing if you have the chance to go. You won't soon forget this incredible journey.

- 76 Which is NOT a reason why the author suggests going on a safari vacation?
- (A) To achieve a serene vacation.
(B) To discover the diversity of the natural world.
(C) To see animals in their natural environment.
(D) To observe some endangered creatures.
- 77 What does the word "jolted" mean?
- (A) Shattered. (B) Shot. (C) Shook. (D) Shrank.
- 78 What was the highlight of the author's safari's trip?
- (A) He was surrounded by the most breathtaking landscapes he had ever seen.
(B) He had the chance to see a pack of wild dogs up close.
(C) He could experience the beauty and diversity of the natural world.
(D) He could get close to some of the most famous and endangered animals in the world, like lions and gorillas.
- 79 According to this passage, what can tourists learn from these knowledgeable safari guides?
- (A) They can learn about the animals' behavior and habits.
(B) They can learn about endangered animal species.
(C) They can learn about several African wildlife sanctuaries.
(D) They can get knowledge about the splendor of nature.
- 80 According to this passage, which of the following is NOT included in safari vacations besides animal sightings?
- (A) Hiking. (B) Observing birds. (C) Animal breeding. (D) Cultural encounters.
